## About ED CELL

Economic development of a country is supported by entrepreneurship in several ways. It is a key contributor to innovativeness and product improvement and a pivotal ingredient to employment creation. Another important aspect to be considered is that in the context of the Indian market, entrepreneurship led economic growth is more inclusive and hence Governments, both at Centre and State level, have been taking initiatives to boost the entrepreneurial ecosystem as they realize the benefits entrepreneurship brings to the economic growth of the country.

## About IIC

Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes. MIC has envisioned encouraging creation of 'Institution's Innovation Council (IICs)' across selected HEIs. A network of these IICs was established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses.
